Healthcare And Affordable Housing Campus Breaks Ground In California

Posted by Anne DiNardo, Executive Editor | June 11, 2021

A new healthcare and affordable housing campus has broken ground in Santa Cruz's Live Oak neighborhood in Santa Cruz, Calif.

The six-building project will combine medical and dental clinics with multifamily dwellings to bring new services and housing to the area. The project's first phase includes a 20,000-square-foot medical clinic operated by [Santa Cruz Community Health](#) (Santa Cruz) and a [Dientes Community Dental Care](#) (Santa Cruz) clinic, which are slated to open in 2022.

The project team comprises [Wald, Ruhnke & Dost Architects](#) (architect; Monterey, Calif.), [Bogard Construction](#) (general contractor and construction manager; Santa Cruz), [Blue Water Construction](#) (construction manager), and [MidPen Housing](#) (developer; Foster City, Calif.).
